Lagonda 2.6

This car is in need of full restoration but is a fantastic and worth while project.

The leather interior is complete including the wood cappings and most ironmongery.

The chassis is solid and the suspension is present including the steering.

The body is Aluminium so there is no rust and the front wings are steel which are beautifully formed

No engine or gearbox or clocks or headlights Other than them the car is surprisingly complete,

but I feel viewing is essential so you can make your own judgement.

V5c is in my name and has a 3 letter and 3 number plate.

This has to be the cheapest Lagonda for sale in the world.

This car is only going to appreciate in value, unfortunately we need the space for other projects.

Can deliver at an extra cost

£500 deposit is to be paid via Pay Pal within 3 days of the end of the auction.

The car is advertised elsewhere and can be removed at anytime.
